AMEND Senate Bill No. 1661

House Bill No. 1384*

(e) If a determination is made by the department that a home for the aged, assisted care living facility or alcohol and drug treatment center is subject to the requirements of licensure under this part, a notice will be issued by the Department stating the same and requiring that application for licensure shall be made to the Department within thirty (30) days of the receipt of that notice. The thirty (30) day application period does not serve to waive any and all civil penalties which may be assessed for unlicensed operation of a facility under this part.

(f) Failure of the home for the aged, assisted care living facility or alcohol and drug treatment center to make application to the Department for licensure within thirty (30) days from the date of the receipt of the notice may result in the initiation of injunctive relief and any other relief available in law or equity against any person who owns, operates, manages or participates in the management of the same.

(g) In addition to requiring that the home for the aged, assisted care living facility or drug treatment center make application for licensure, the Department may immediately initiate a petition for injunctive relief or any other relief available in law or equity. The Department may recommend and direct the home for the aged, assisted care living facility, or alcohol and drug treatment center to immediately cease and desist operations when the health, safety, or welfare of the patients or residents requires emergency action.
